

Howdy from:

The Nipe family wishes to send out its warmest greetings to all our friends and relatives with the fourth issue of "The Nipely News". You will find herein an update of our past year. This edition may be useful as kindling for your fireplace or for an origami practice sheet.

Teenage News..

Last year we reported a new romance on the teenage front. Well, now our half of the "Creekside Girls" (an inside joke) has announced that she'll never be married. I think I'll just bide my time to see how true such a prediction will be. The "News" will keep you updated. By the way, she's a freshman in High School. I didn't know Geri was that old.

Pre-Teen News..

David started Middle School this fall. He changes classes and usually remembers where his coat is as well as memorizing all the cute girls phone numbers.. (he tells me, the numbers are his locker combination). He recently went to his first dance (Nazarenes don't read this!). Where has the time gone, I wonder. He's just like Dad, he danced with two of the cutest girls there.

Spiritual Update..

In September, I was ordained as a Deacon in the Southern Baptist Conference by the Highland Village First Baptist Church. This important decision was reached after much prayer and soul searching and I still feel unworthy, please keep me in your prayers. Danielle and David continue to grow in the Lord. And Geri continues to teach 4-5 year olds while serving on the ministry to the body committee.

Nana Edie goes for new hip...

After much thought and prayer, Nana Edie (Edith Pashley - Geri's Mom) has elected to have surgery to replace her hip. She has been in alot of pain for the last few months and has needed a walker to get around. The surgery will take place on Dec. 16th, so this newsletter may be reporting old news by the time you get it. Call for more details. Her address and phone are:

Geri takes job...

Geri began teaching in a Mother's Day Out program that is run through our church. She works on Thursdays with 3-4 year old children all day so that their mothers can get a day off for hair appointments, etc. The rest of the time she deals with us and I'm not sure which bunch of children she has the most trouble with.

Open Door Policy...

This is a bit different policy then that offered by IBM. This isn't to air grievences with management, but rather, it refers to our front door which is always open to any of you if you're in the area. (This even includes foreign relatives). You are all welcome to stop in anytime you are in the area. Our address is:
